

TELL CONGRESS: Trump's election propaganda took aim at Virginia's elections last week after voters approved a redistricting plan he didn't like. Trump said the election was "RIGGED" because of mail-in ballots. He's trying to upend the midterm elections. Congress must protect our right to vote. **Sign the petition: Block Trump's attempts to ban mail voting!**

Klaus,

Trump was angry that Virginia voters approved a new redistricting plan that he didn't like, so he called the election "**RIGGED**" due to mail voting.¹

Just weeks ago, **Trump signed an executive order that severely restricts mail voting** and requires DHS to compile a list of "verified U.S. citizens" who can vote.² The order could disenfranchise millions and put countless people in danger.

Trump's persistent attacks on mail voting, his vile election propaganda, and the GOP's attempts to pass voter suppression measures are a danger to free and fair democratic elections this fall. Congress must stop Trump's moves to steal the midterms.

Trump has already installed election deniers in key administration positions.³ And the DOJ says it plans to arrest officials who the Trump administration falsely claims rigged the 2020 presidential election.⁴

Trump is scrambling to keep his anti-immigrant, far-right election conspiracies alive as justification to stamp out democracy in America.

To preserve mail voting, Sen. Tim Kaine and other Democrats introduced the Absentee and Mail Voter Protection Act — an urgent measure that Congress must pass to help save our elections.⁵

Trump allies, on the other hand, continue to attack mail voting AND push the SAVE Act, a bill that would *require* specific forms of government-issued photo ID to vote in federal elections and proof of citizenship in order to register to vote.

The bill would potentially disenfranchise millions of voters as November approaches.⁶

Congress must stop every effort Trump and the GOP make to steal the midterms.
